

Legendă

Linii de călători operabile

Linii de marfă operabile

Linii locale

Linii scoase din uz

Linii înguste/turistice

Linii în construcție/planificate

Gara Gări în uz

Gara Gări scoase din uz

creat de Bogdan Serban

This map illustrates the railway network of Romania, categorized by line type and station status. The network is shown against a light blue background representing the sea. The map includes a legend in the top-left corner and a title 'creat de Bogdan Serban' at the bottom of the legend.

Legendă

- Linii de călători operabile (Operational passenger lines)
- Linii de marfă operabile (Operational freight lines)
- Linii locale (Local lines)
- Linii scoase din uz (Discontinued lines)
- Linii înguste/turistice (Narrow gauge/tourist lines)
- Linii în construcție/planificate (Under construction/planned lines)
- Gara Gări în uz (Station In use stations)
- Gara Gări scoase din uz (Station Discontinued stations)

The map shows a dense network of lines, with a high concentration in the central and eastern parts of the country. The lines are color-coded according to the legend, and stations are marked with dots. The map also shows the coastline of Romania and the surrounding sea.
